

National Service Scheme (NSS) was launched during 1969, the birth centenary year of Mahatma Gandhi, in 37 universities involving 40000 students. NSS is an extension dimension to the higher education system to orient the student youth to community service while they are studying in educational institutions

The National Service Scheme (NSS) is a Central Sector Scheme of Government of India, Ministry of Youth Affairs & Sports. It provides opportunity to the student youth of 11th & 12th Class of schools at +2 Board level and student youth of Technical Institution, Graduate & Post Graduate at colleges and University level of India to take part in various Government led community service activities & programmes. The primary objective of developing the personality and character of the student youth through voluntary community service. 'Education through Service' is the purpose of the NSS.

- The Logo of NSS is based on the giant 'Rath Wheel' of the Konark Sun Temple situated in Orissa.
- The wheel portrays the cycle of creation, preservation and release and signifies the movement in life across time and space.
- The Logo thus, stands for dynamism and progressive outlook of youth.

- The eight bars in the wheel represents the 24 hours of a day, hence, it reflects the wearer to be in readiness for service round the clock.
- The red color indicates that the volunteer is full of young blood i.e. lively, active, energetic and full of high spirit.
- The navy blue color indicates the cosmos of which the NSS is a tiny part, ready to contribute its share for the welfare of the mankind.
